

Emptiness and ache of Separation from the only reason created: Oneness with God, to glorify God.
Heart is empty and all is lost because the only thing the heart desires is eternally out of reach.
No longer a path back to perfection because God is the only source of perfection. We glorify self to the exclusion of everything else for eternity.

Fulfillment of the only reason created:
Oneness with God, to glorify God.
Heart is full and all is gained because the heart's desire is eternally satisfied.
Perfection is restored.
We can glorify God for eternity.
