

Jenna Fisk

Lead Teacher 4's

Jenna is excited to be part of the Creative Beginnings family. She has nearly 4 years of experience working with children, and will be graduating next semester with her Associates in Science with Teacher Preparation.

As a mom of two daughters, working with children is especially meaningful to her. Jenna grew up in Kentucky and moved to North Carolina three years ago. Outside of teaching, she loves all things involving art and creativity!

One of her favorite parts of working with children is watching them discover their independence, gain confidence, and learn something new for the first time. Jenna's intention is to create a classroom where every child feels loved, encouraged, and excited to explore!
