

Janet Burtnett

Janet loves working as the Teaching Assistant in the bilingual preschool class with our 4 and 5 year old children. She finds joy talking and laughing with the kids and teaching them Spanish. She feels that children of this age are full of extraordinary ideas, and it is a dream for her to be free to share the Spanish language with the kids. It is exciting to see how quickly and eagerly they learn!

A mom of two teenage daughters, Janet loves reading, and shopping used bookstores and thrift stores for treasures. She is currently working to become a certified Spanish translator.

Anie Vincent

Anie is the lead teacher for our bilingual pre-K class. She loves to observe the curiosity of her students and help them investigate their questions. She finds it a great joy to help her students learn a second language.

Anie's passion for travel has her students *flying off* to different countries each month to investigate their customs and culture. When not in the classroom, Anie enjoys the sights and sounds of nature with her family.
