

## **Spiritual Health Check Week 3** **Relational Evangelism:**

*Assess the strength of sharing Jesus Christ with others.*

1. Do you regularly spend time praying for those who are spiritually lost?
  
2. Do you invite people to join you in worship, or other church events, so they can meet other Christians and hear the Gospel presented?
  
3. How often have you shared the Good News of Jesus with others?  
When was the last time you did this?
  
4. What prevents you from sharing the Gospel?
  
5. What questions would you like someone to answer for you, so you might feel more comfortable doing relational evangelism?
  
6. Who is one person you know who you can commit to pray for and ask God for an opportunity to invest in (sharing the Gospel with deeds) to earn the right to share the Gospel in Word? Will you do this?

Thank you for participating in week two of the assessment. At the end of this series, you will be asked if you'd like to participate in certain classes, meet with a mentor, or discuss your spiritual growth with an elder. We desire to see each person at Hendersonville Presbyterian Church growing to look more like Jesus each day. Why not make a big step in 2025 spiritually?
